

# A Plan of Action

## For Restoring the Art of God-Centered Work

(a.k.a. “Theology of Work”)

## to Christian Education

- 1:** Pray for receptive minds, and a desire among your staff and parents to restore the “missing curriculum” [the art of God-centered work] to your Christian school or homeschool co-op.
- 2:** Have all your staff and parents read *The Missing Curriculum* article. For a free copy that you may print and distribute as desired, or send electronically, or link to your school website, go to <http://www.biblicalworldview.com/The%20Missing%20Curriculum%20Article.pdf>.
- 3:** Invite Dr. Overman to come to your school to present the “God’s Pleasure At Work” seminar for your staff, parents and upper level students.<sup>1</sup> See [www.godsplesureatwork.blogspot.com](http://www.godsplesureatwork.blogspot.com) for details and further information. [Click *Audience Types: Christian School or Homeschool Co-Op*]
- 4:** Have your teachers and administrators read and discuss *God’s Pleasure At Work* and *The Difference One Life Can Make* (books and DVDs by Dr. Overman) as part of regular staff-meetings, to keep the “God-centered work” discussion going for at least one full school year.
- 5:** Have your teachers determine which chapters of *God’s Pleasure At Work* and *The Difference One Life Can Make* will be used for short units of study in already existing courses. [See <http://www.biblicalworldview.com/Suggested%20Units%20Of%20Study.pdf> for examples.] Provide texts and DVDs for your students to use over multiple years, and to take with them upon graduation.

---

<sup>1</sup> “God’s Pleasure At Work” has been approved by ACSI for 1 CEU in either Biblical or Educational Studies, and approved by Seattle Pacific University for college credit. Parents, support staff and students will attend the first two hours, as an evening session. Teachers and administrators will receive four additional hours of instruction the next morning. Parents are encouraged to use the “God’s Pleasure At Work” books/DVDs they receive at the seminar as a small group study, if they are in a church small group, or as a family home study.
